To Unitholders of PineBridge Global Funds (the “Fund”) – PineBridge Japan Small Cap Equity Fund (the “Sub-Fund”)

Dear Unitholder,

The purpose of this notice is to inform you of the following change to the supplement of the Sub-Fund (the “**Supplement**”) and the applicable local covering documents (together the “**Offering Documents**”) with effect on and from 28 January 2026 (the “**Effective Date**”):

The Supplement will be updated to adopt a benchmark-linked methodology in place of a static market capitalisation threshold of JPY 400 billion (or its foreign currency equivalent) by reflecting that the companies in which the Sub-Fund may invest are companies which have a market capitalisation that is below that of the largest company in the Index of the Sub-Fund.

The relevant section of the Supplement will read as follows:

“At least 50% of the Sub-Fund’s investments will be in companies with a market capitalisation that is below that of the largest company in the Index.”

The Offering Documents will be updated in due course and on or around 28 January 2026.

The legal and administrative costs of drafting and implementing the above-mentioned change will be borne by the Sub-Fund and the Manager considers the costs not to be significant in terms of the current net asset value of the Sub-Fund.

Unitholders are not required to take any action.

Terms used in this notice bear the same meaning as in the prospectus of the Fund dated 5 January 2026, as amended, unless otherwise defined herein.

If you have any queries, please contact your client relation representative, local office or seek independent financial advice.
